## Non-GAAP Financial Measures

In this presentation, certain non-GAAP financial measures may be used. Reconciliations of these non-GAAP financial measures to the most directly comparable GAAP financial measure may be found in the Appendix at the end of this presentation or in the earnings releases available on the Company's website. Additional information is available at www.trimascorp.com under the "Investors" section.

Please see the Appendix for details regarding certain costs, expenses and other amounts or charges, collectively described as "Special Items," that are included in the determination of net income, earnings per share and/or cash flows from operating activities under GAAP, but that management believes should be separately considered when evaluating the quality of the Company's core operating results, given they may not reflect the ongoing activities of the business. These non-GAAP financial measures should be considered in addition to, and not as a replacement for or superior to, the comparable GAAP financial measures.

(1) Corporate support costs unallocated.

## Q3 Highlights

- Net sales higher in all segments, despite softness in certain end markets
- Operating profit was relatively flat, as the impact of higher sales was offset primarily by higher freight, logistics and input costs, and a less favorable product sales mix
- EPS declined primarily due to a discrete tax benefit in Q3 2018 that did not repeat in Q3 2019

Note: All items are adjusted for Special Items. Please see the Appendix for a detailed reconciliation to GAAP results.

## Q3 YTD Highlights

- YTD net sales up by $4.8 \%$, with organic sales up $2.0 \%$ and acquisitions contributing $3.6 \%$
- Operating profit was flat, as the impact of higher sales was essentially offset by less favorable product sales mix in the Packaging and Specialty Products segments, and higher freight, logistics and input costs
- Q3 YTD EPS was $\$ 1.40$ per share, higher than Q3 YTD 2018 by $2.2 \%$

Note: All items are adjusted for Special Items. Please see the Appendix for a detailed reconciliation to GAAP results

- Strong balance sheet, cash conversion and available liquidity position TriMas for programmatic M\&A and additional share repurchases
