TRIMAS CORPORATION REPORTS SECOND QUARTER 2016 RESULTS Achieved Second Quarter 2016 EPS, Excluding Special Items, of \$0.34, an increase of 13.3% Revised Full Year 2016 Guidance

BLOOMFIELD HILLS, Michigan, July 28, 2016 - TriMas Corporation (NASDAQ: TRS) today announced financial results for the quarter ended June 30, 2016. The Company reported second quarter net sales from continuing operations of \$203.3 million, a decrease of 9.6% compared to second quarter 2015. The Company reported second quarter 2016 income from continuing operations of \$10.5 million, or \$0.23 per diluted share, as compared to income of \$8.5 million, or \$0.19 per diluted share, in the second quarter of 2015. Excluding Special Items⁽¹⁾ related to severance, business restructuring and 2015 debt extinguishment costs, second quarter 2016 diluted earnings per share from continuing operations would have been \$0.34, an increase of 13.3% as compared to \$0.30 in second quarter 2015.

TriMas Highlights

- Today announced the appointment of Thomas Amato as TriMas President and Chief Executive Officer; brings more than 25 years of broad industrial experience and a track record of enhancing shareholder value.
- Increased second quarter 2016 diluted earnings per share by 13.3%, and operating profit margin by 180 basis points, both excluding Special Items, as compared to second quarter 2015.
- · Completed execution of the cost savings actions included in the \$22 million Financial Improvement Plan, which mitigated the impact of lower sales levels.
- · Continued strong margin performance in Packaging, while investing in the sales organization and new products and related applications.
- Achieved approximately 210 basis points of sequential quarterly margin expansion in Energy, excluding Special Items, and significant margin improvement as compared to second quarter 2015, on lower revenue as a result of leveraging the business restructuring, and driving manufacturing and operational improvements.
- Developed and executed upon a comprehensive Aerospace recovery plan which resulted in 270 basis points of sequential quarterly margin improvement, excluding Special Items.
- Generated Free Cash Flow⁽²⁾ of \$34.2 million for second quarter 2016, yielding year-to-date Free Cash Flow of more than 100% of net income from continuing operations, excluding Special Items.

"We achieved second quarter earnings per share of \$0.34, excluding Special Items, representing a 13.3% increase over 2015, in spite of a 9.6% decline in sales," said Bob Zalupski, TriMas Chief Financial Officer. "During the quarter, we continued to experience top-line challenges, most notably in our energy-facing and industrial cylinder businesses, as well as continued short-term margin pressures in Aerospace. We were largely able to mitigate the impact of these items through cost reduction and productivity initiatives, driving an increase in year-over-year operating profit and related margin, excluding Special Items. We also significantly improved Free Cash Flow as compared to second quarter 2015 as a result of our working capital reductions."

Zalupski continued, "As we move forward through 2016, we will continue to focus on holding or improving margins in a challenging top-line environment. Our Energy restructuring efforts are working, as evidenced by expanded margins in the quarter despite a more than 20% reduction in sales year-over-year. Within Aerospace, we implemented recovery plan actions to address scheduling and manufacturing capacity challenges in two of our fastener facilities and to minimize the incremental costs related to the integration of an acquired facility. While these actions contributed to 270 basis points of sequential Aerospace margin improvement in the quarter, excluding Special Items, the second quarter margin level was lower than planned."

"Regarding our outlook, we are revising our full-year 2016 diluted EPS guidance range to \$1.22 to \$1.30 per share, excluding Special Items, as a result of lower than expected second quarter earnings and a reduction in our second half 2016 Aerospace guidance. We continue to focus our attention on the areas we can control and are intently focused on execution of the Aerospace improvement plan," Zalupski concluded.

Second Quarter Financial Results - From Continuing Operations

- TriMas reported second quarter net sales of \$203.3 million, a decrease of 9.6% as compared to \$224.9 million in second quarter 2015. The positive impacts
 of a recent acquisition and organic initiatives were more than offset by sales declines primarily resulting from the weakness in the energy-facing end
 markets, industrial softness, lower Aerospace distributor sales and the impact of unfavorable currency exchange.
- The Company reported operating profit of \$18.7 million in second quarter 2016 as compared to \$19.2 million in second quarter 2015. Excluding Special Items related to severance and business restructuring, second quarter 2016 operating profit would have been \$25.7 million, an increase of 5.6% as compared to \$24.3 million during second quarter 2015. Second quarter 2016 operating profit margin, excluding Special Items, increased 180 basis points to 12.6%, as margin improvements in Packaging and Energy, and a reduction in corporate expenses, more than offset the declines in Aerospace and Engineered Components as compared to second quarter 2015. These improvements are a result of successful execution of the Company's Financial Improvement Plan and on-going productivity initiatives.
- Second quarter 2016 income from continuing operations was \$10.5 million, or \$0.23 per diluted share, as compared to \$0.19 per diluted share in second quarter 2015. Excluding Special Items, second quarter 2016 income from continuing operations would have been \$15.6 million, or \$0.34 per diluted share, an increase of 13.3% as compared to \$0.30 in second quarter 2015, as a result of higher operating profit and currency gains.
- The Company reported Free Cash Flow (defined as Net Cash Provided by/Used for Operating Activities of Continuing Operations, excluding the cash impact
 of Special Items, less Capital Expenditures) of \$34.2 million for second quarter 2016 as compared to \$9.4 million in second quarter 2015. Please see
 Appendix I for further details. The Company expects to generate between \$55 million and \$65 million for full year 2016, excluding Special Items.

Discontinued Operations

On June 30, 2015, the Company completed the spin-off of its Cequent businesses (comprised of the Cequent Americas and Cequent APEA reportable segments), creating a new independent publicly traded company, Horizon Global Corporation, through a distribution of 100% of the Company's interest in Horizon Global to holders of TriMas common shares. The results of operations of the Cequent businesses, as well as the one-time costs incurred in connection with the separation of the two companies, are included in discontinued operations.

Financial Position

TriMas reported total debt of \$406.3 million as of June 30, 2016, as compared to \$419.6 million as of December 31, 2015, and \$457.3 million as of June 30, 2015. TriMas ended second quarter 2016 with \$123.7 million of cash and aggregate availability under its revolving credit and accounts receivable facilities.

Business Segment Results - From Continuing Operations

Packaging

Net sales for the second quarter decreased 1.6% as compared to the year ago period, as sales increases in the industrial end market were more than offset by the impact of unfavorable currency exchange and lower product sales to the health, beauty and home care end market due to customer new program launches during the second quarter of 2015 that did not repeat in 2016. Second quarter operating profit and the related margin percentage, excluding Special Items, increased due to a more favorable product sales mix and the impact of ongoing productivity and automation initiatives, partially offset by unfavorable currency exchange and continued investment in global capabilities. The Company continues to develop specialty dispensing and closure applications for global markets, including industrial, food and beverage, and health, beauty and home care.

Aerospace

Net sales for the second quarter increased 2.0% as compared to the year ago period, as a result of incremental sales resulting from the November 2015 acquisition of certain assets related to Parker Hannifin's Tolleson, Arizona, machined components facility, partially offset by lower demand from larger distribution customers. Second quarter operating profit and the related margin percentage, excluding Special Items, decreased due to a less favorable product mix, cost of recovery actions to address short-term production inefficiencies and higher costs of new product qualifications. The Company is focused on executing a comprehensive recovery plan to increase manufacturing throughput and reduce the costs of production-related inefficiencies, developing and qualifying additional highly-engineered products for aerospace applications, and leveraging its aerospace platform to better serve its customers.

Energy

Second quarter net sales decreased 20.3% as compared to the year ago period, due to reduced demand levels from upstream oil and gas customers related to lower oil production activity, lower sales from international branches due to restructuring activities in those regions, and the impact of unfavorable currency exchange. Second quarter operating profit and the related margin percentage, excluding Special Items, improved as the cost savings achieved due to the restructuring and cost reduction initiatives more than offset by the impact of the reduced sales levels and related lower fixed cost absorption. The Company continues to leverage lower costs resulting from the business restructuring, accelerate the manufacturing of products in Reynosa, Mexico, and drive operational and manufacturing improvements.

Engineered Components

Second quarter net sales decreased 25.7% as compared to the year ago period, primarily due to lower sales of engines and compressors resulting from the impact of lower oil prices and significantly reduced oil production activity. Sales of industrial cylinders also decreased as a result of continued softness in industrial end markets. Second quarter operating profit and the related margin percentage, excluding Special Items, decreased primarily due to reduced sales levels and lower fixed cost absorption related to engine and compression products partially offset by savings achieved from cost reduction actions and ongoing productivity initiatives. The Company has responded to the dramatic drop in oil prices and the impact on engine and compressor demand by reducing its fixed cost structure, and continues to drive new product sales and expand its international sales efforts.

2016 Outlook

The Company is revising its full year 2016 outlook from continuing operations. The Company is now estimating that 2016 sales will decline from 4% to 7% as compared to 2015. The Company also expects full-year 2016 diluted earnings per share to be \$1.22 to \$1.30 per share, excluding any current or future events that may be considered Special Items, a reduction from the previous outlook of \$1.35 to \$1.45 per share. In addition, the Company expects 2016 Free Cash Flow (defined as Cash Flow from Operating Activities, excluding the cash impact of Special Items, less Capital Expenditures) to be between \$55 million and \$65 million, or approximately 100% of net income, excluding Special Items.

"While we believe we will be able to offset the majority of the impact of our lowered sales outlook through continued cost management and productivity savings," said Zalupski, "the combined impact of the reduced level of higher margin distributor sales and the more gradual improvement of fastener production within Aerospace is tempering our previously expected profitability for the back half of 2016. We have taken actions to effectively address these challenges and remain positive on the longer-term prospects for revenue and earnings growth in our businesses."

Conference Call Information

TriMas Corporation will host its second quarter 2016 earnings conference call today, Thursday, July 28, 2016, at 10 a.m. ET. The call-in number is (888) 329-8893. Participants should request to be connected to the TriMas Corporation second quarter 2016 earnings conference call (Conference ID #4304981). The conference call will also be simultaneously webcast via TriMas' website at <u>www.trimascorp.com</u>, under the "Investors" section, with an accompanying slide presentation. A replay of the conference call will be available on the TriMas website or by dialing (888) 203-1112 (Replay Code #4304981) beginning July 28, 2016 at 3 p.m. ET through August 4, 2016 at 3 p.m. ET.

Notice Regarding Forward-Looking Statements

Any "forward-looking" statements, within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, contained herein, including, but not limited to, those relating to the Company's business, financial condition or future results, involve risks and uncertainties, including, but not limited to, risks and uncertainties with respect to: the Company's leverage; liabilities imposed by the Company's debt instruments; market demand; competitive factors; supply constraints; material and energy costs; risks and uncertainties associated with intangible assets, including goodwill or other intangible asset impairment charges; technology factors; litigation; government and regulatory actions; the Company's accounting policies; future trends; general economic and currency conditions; the potential impact of Brexit; various conditions specific to the Company's business and industry; the Company's ability to identify attractive acquisition candidates, successfully integrate acquired operations or realize the intended benefits of such acquisitions; the Company's ability to attain the Financial Improvement Plan targeted savings and free cash flow amounts; future prospects of the Company; and other risks that are detailed in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015. These risks and uncertainties may cause actual results to differ materially from those indicated by the forward-looking statements. All forward-

looking statements made herein are based on information currently available, and the Company assumes no obligation to update any forward-looking statements.

In this release, certain non-GAAP financial measures are used. Reconciliations of these non-GAAP financial measures to the most directly comparable GAAP financial measure may be found in Appendix I at the end of this release. Additional information is available at <u>www.trimascorp.com</u> under the "Investors" section.

About TriMas

Headquartered in Bloomfield Hills, Michigan, TriMas Corporation (NASDAQ: TRS) provides engineered and applied products for growing markets worldwide. TriMas is organized into four reportable segments: Packaging, Aerospace, Energy and Engineered Components. TriMas has approximately 4,000 employees in 13 countries. For more information, visit <u>www.trimascorp.com</u>.

- (1) Appendix I details certain costs, expenses and other amounts or charges, collectively described as "Special Items," that are included in the determination of net income, earnings per share and/or cash flows from operating activities under GAAP, but that management believes should be separately considered when evaluating the quality of the Company's core operating results, given they may not reflect the ongoing activities of the business. Management believes that presenting these non-GAAP financial measures, on an after Special Items basis, provides useful information to investors by helping them identify underlying trends in the Company's businesses and facilitating comparisons of performance with prior and future periods. These non-GAAP financial measures should be considered in addition to, and not as a replacement for or superior to, the comparable GAAP financial measures.
- ⁽²⁾ The Company defines Free Cash Flow as Net Cash Provided by/Used for Operating Activities of Continuing Operations, excluding the cash impact of Special Items, less Capital Expenditures. Please see Appendix I for additional details.

TriMas

Second Quarter 2016 Earnings Presentation

July 28, 2016

Forward-Looking Statement

Any "forward-looking" statements, within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, contained herein, including, but not limited to, those relating to the Company's business, financial condition or future results, involve risks and uncertainties, including, but not limited to, risks and uncertainties with respect to: the Company's leverage; liabilities imposed by the Company's debt instruments; market demand; competitive factors; supply constraints; material and energy costs; risks and uncertainties associated with intangible assets, including goodwill or other intangible asset impairment charges; technology factors; litigation; government and regulatory actions; the Company's accounting policies; future trends; general economic and currency conditions; the potential impact of Brexit; various conditions specific to the Company's business and industry; the Company's ability to identify attractive acquisition candidates, successfully integrate acquired operations or realize the intended benefits of such acquisitions; the Company's ability to attain the Financial Improvement Plan targeted savings and free cash flow amounts; future prospects of the Company; and other risks that are detailed in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015. These risks and uncertainties may cause actual results to differ materially from those indicated by the forward-looking statements. All forward-looking statements. All forward-looking statements.

Non-GAAP Financial Measures

In this presentation, certain non-GAAP financial measures may be used. Reconciliations of these non-GAAP financial measures to the most directly comparable GAAP financial measure may be found in the Appendix at the end of this presentation or in the earnings releases available on the Company's website. Additional information is available at <u>www.trimascorp.com</u> under the "Investors" section.

Please see the Appendix for details regarding certain costs, expenses and other amounts or charges, collectively described as "Special Items," that are included in the determination of net income, earnings per share and/or cash flows from operating activities under GAAP, but that management believes should be separately considered when evaluating the quality of the Company's core operating results, given they may not reflect the ongoing activities of the business. Management believes that presenting these non-GAAP financial measures, on an after Special Items basis, provides useful information to investors by helping them identify underlying trends in the Company's businesses and facilitating comparisons of performance with prior and future periods. These non-GAAP financial measures should be considered in addition to, and not as a replacement for or superior to, the comparable GAAP financial measures.

Agenda

- Introductions and Opening Remarks
- Financial Highlights
- Segment Highlights
- Outlook and Summary
- Questions and Answers
- Appendix

Introductions and Opening Remarks

New CEO – Thomas Amato

- · Comprehensive search conducted using external firm
- Experienced leader of global, multi-billion dollar, diversified businesses
- Understanding of TriMas businesses as a result of prior roles
- · Proven track record in:
 - Driving operational improvements through a relentless focus on performance and continuous improvement
 - Developing sound strategies to adapt to dynamic markets and customer needs globally
 - Enhancing growth both organically and through strategic acquisitions
 - Creating and operating in a fact-based culture with mutual respect for enterprise-wide employees

Ability to leverage past experiences to drive future shareholder value.

New CEO – Thomas Amato

Initial Observations of TriMas

- Great portfolio of diversified businesses
- Market-leading brands and positions
- Valued "blue-chip" customers with critical supply positions and solid relationships
- Highly-engineered, proprietary products
- Significant opportunities for organic growth and bolt-on acquisitions
- Strong cash flow with opportunities for margin enhancement

Key Focus Areas During "First 100 Days"

- Visit high-impact manufacturing operations
- Engage with the business leadership teams and review strategic plans
- Meet with key customers to ensure a smooth transition
- Identify and assess near and longer term opportunities to enhance performance and growth
- All in the spirit of developing and sharing with stakeholders a solid game plan to drive improved results

Engage with the TriMas team to identify opportunities and implement actions to drive improved performance.

Opening Remarks – Second Quarter

- Second quarter sales of approximately \$203 million external top-line pressures continued
 - Organic initiatives and acquisition growth were more than offset by the impact of lower oil prices, lower aerospace distributor sales and unfavorable currency exchange
 - Sequential sales improvement in Packaging and Aerospace
- Achieved Q2 EPS, excluding Special Items⁽¹⁾, of \$0.34 solid performance in spite of nearly 10% sales decline
- Aerospace recovery actions resulted in sequential improvement more work to do
- Improved operating profit margin, excluding Special Items, by 180 basis points as compared to Q2 2015
- Completed the cost actions related to the \$22 million Financial Improvement Plan

Cost savings actions mitigating impact of lower sales levels and Aerospace challenges.

(1) Please see the Appendix for a detailed reconciliation to GAAP results.

External Headwinds and Tailwinds

TriMas

Headwinds

- Macroeconomic conditions
 - Low industrial activity levels
 - Interest rate environment
- Low oil and commodity prices
 - Drilling and well completion activity
 - Capex deferrals and reductions
 - Resin and specialty steel prices
- Inventory reductions in channel
 - Overall supply chain reductions
 - Large aerospace distributors
- Strength of U.S. dollar
 - Translation and transaction impacts
 - Exports in Engineered Components
 - Imports more competitive
- Brexit
 - Uncertainty in Europe
 - Consumer confidence in the United Kingdom

Tailwinds

- Commercial aircraft build rates and backlog

 expect slight increase in 2016, with greater growth in 2017
- Asia still growing, albeit at lower rates
 - Uncertainty around China
- Consumer spend remains solid in the U.S. outpacing economic conditions

Headwinds continue - focused on execution to mitigate external challenges.

Business Update

Packaging

- · Completed staffing of sales team added leaders with end market expertise
- Selected site in Mexico to add manufacturing capacity in support of growth in the Americas
- · Accelerating new product development and applications with technology center in Asia

Aerospace

- Executing comprehensive recovery plan to improve manufacturing throughput and cost efficiencies to increase sales and margins
- Leveraging recent acquisitions to add product qualifications for new and existing customers

Energy

- Reconfiguring Houston facility for dedicated manufacture of quick-turn customer orders
- Accelerating and broadening move of standard products from Houston to Reynosa

Engineered Components

- Expanding cylinder capacity to capitalize on North American market position
- Maintaining oil field engine/compressor business cost structure to reflect current market demand

Initiatives to drive profitable growth and increased margins – balancing short and long-term objectives.

Financial Highlights

Second Quarter Summary

(Unaudited, dollars in millions, except per share amounts)

| (from continuing operations) | Q2 2016 | Q2 2015 | Variance |
|--|---------|---------|----------|
| Revenue | \$203.3 | \$224.9 | -9.6% |
| Operating profit | \$18.7 | \$19.2 | -2.9% |
| Excl. Total Special Items, Operating profit would have been: | \$25.7 | \$24.3 | 5.6% |
| Excl. Total Special Items, Operating profit margin would have been: | 12.6% | 10.8% | 180 bps |
| Income | \$10.5 | \$8.5 | 23.4% |
| Excl. Total Special Items, Income would have been: | \$15.6 | \$13.8 | 13.4% |
| Diluted earnings per share | \$0.23 | \$0.19 | 21.1% |
| Excl. Total Special Items, Diluted earnings per share would have been: | \$0.34 | \$0.30 | 13.3% |
| Free Cash Flow (1) | \$34.2 | \$9.4 | 263.3% |
| Total debt | \$406.3 | \$457.3 | -11.2% |

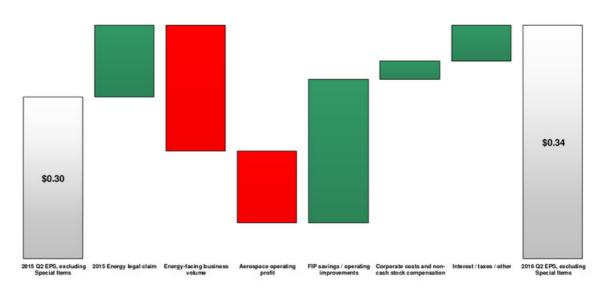

- Q2 sales declined nearly 10% as compared to Q2 2015 weakness in the oil-related and industrial end markets, lower aerospace distributor volumes and unfavorable currency exchange more than offset organic initiatives and the results of a recent acquisition
- · Q2 operating profit dollars and margin percentage, excluding Special Items, increased as the positive impact of the Financial Improvement Plan and productivity initiatives more than offset the impact of reduced sales and related lower fixed cost absorption
- · Income and diluted EPS, excluding Special Items, both increased due to higher operating profit and currency gains
- Solid Free Cash Flow generation in Q2 2016; total debt decreased as compared to Q2 2015 •

Grew EPS year-over-year, despite external top-line pressures and the impact of challenges in Aerospace.

Note: Please see the Appendix for a detailed reconciliation to GAAP results. (1) Free Cash Flow is defined as Net Cash Provided by Operating Activities of Continuing Operations, excluding the cash impact of Special Items, less Capital Expenditures.

EPS Bridge from Q2 2015 to Q2 2016

(For illustrative purposes)

- Significant year-over-year impact related to lower energy-facing business volume and reduced Aerospace profitability
- Executing plan to remedy short-term production and integration inefficiencies in Aerospace
- · Cost savings actions (including the Financial Improvement Plan) helping offset external headwinds
- · Corporate spend reduced following the Cequent spin-off and in response to macroeconomic challenges

Offsetting the majority of the external headwinds; continue to execute on margin enhancement plans.

Note: Please see the Appendix for a detailed reconciliation to GAAP results.

Segment Highlights

Packaging

TriMas

Quarterly Commentary

- Sales were relatively flat, excluding the impact of unfavorable currency exchange
- Profit and the related margin, excluding Special Items, increased due to a more favorable product mix and ongoing productivity initiatives, offsetting the continued investment in global capabilities

| In | iti | ia | ti | v | e | s |
|----|-----|----|----|---|---|---|
| | | | | | | |

- Aligned global marketing and sales force with end markets and customers
- Selected new site in Mexico to expand manufacturing capacity serving the Americas
- Developing world-class product development team and customer innovation centers in locations close to customers
- Executing on productivity initiatives to fund global growth while maintaining margins

Q2 2016 Segment Contribution

By Revenue

By Operating Profit (excluding Special Items and Corporate Expense)

67%

Positioning business for customer innovation and continued growth, while maintaining targeted margin levels.

Note: Please see the Appendix for a detailed reconciliation to GAAP results.

Aerospace

TriMas

Quarterly Commentary

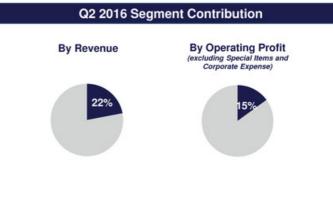

- Sales increased due to the acquisition of Parker Hannifin's machined components facility in Q4 2015; partially offset by lower demand from certain larger distribution customers
- Profit and the related margin, excluding Special Items, declined due to incremental costs due to short-term production inefficiencies, a less favorable product mix and higher costs of new product qualifications

Initiatives

- Executing plan to increase manufacturing throughput and address costs of production inefficiencies to enhance margins
- Developing and qualifying new highly-engineered products; qualifying existing products for new applications or new customers
- Leveraging a single aerospace platform to better serve customers and enhance margins

| | | (Unaudited, dol | lars in millions) |
|--|---------|-----------------|-------------------|
| Financial Snapshot | Q2 2016 | Q2 2015 | Variance |
| Sales | \$44.1 | \$43.2 | 2.0% |
| Operating profit (excl. Special Items) | \$5.0 | \$8.1 | -37.4% |
| | 11.4% | 18.6% | -720 bps |

Immediate focus on sales and margin improvement.

Note: Please see the Appendix for a detailed reconciliation to GAAP results.

Aerospace Macro Environment

Macro Changes

- · Supply chain disruption
 - BASN-driven inventory reductions in channel
 - Large aerospace distributors
 - OE warehouse consolidation
 - Increased focus on "just in time" inventory
- Build rate increases
- · Shift to composite aircraft

Impacts on TriMas

- Min/max programs and inventory management
- Less predictable order patterns and smaller lot sizes
- Reduced sales volumes of certain higher margin distributor products
- Increased price competitiveness OE longterm agreement negotiations and increased supplier competitiveness
- Expanded product offerings and increased manufacturing complexity
- · Additional capacity and automation required

Good business with solid, long-term fundamentals – addressing shorter-term impact of current supply chain disruptions.

Aerospace Improvement Initiatives

Monogram Aerospace Fasteners

- Executing comprehensive recovery plan to meet current order demand, eliminate past dues and improve profitability
- Implemented revised scheduling and production recovery plans for both fastener and collar facilities for remainder of year
- Added capacity to improve manufacturing throughput
- Integrating burndown plan for current past due orders based on existing order backlog
- Tracking key performance indicators to measure progress
 - Schedule attainment
 - Sales/shipment dollars per day
 - Order intake
 - Aging/amount of past due orders
- Added experienced resources to supplement team
- Leverage additional collar opportunities

Martinic Engineering (Machined Components)

- · Completed facility-integration activities mid-Q2
- Transitioning Tolleson facility to a profit center
 - Addressing pricing fundamentals on certain LTA part numbers in cooperation with customer
- Qualified nearly 50 incremental part numbers under current LTA
- Qualified 14 additional part numbers with new customers under contracts
- Combined potential value of newly qualified parts in excess of \$6 million annually – expect some orders to begin in 2016

Executing comprehensive plans to improve performance.

Initiatives

TriMas

Quarterly Commentary

- Sales decreased due to reduced demand from upstream oil customers and the impact of lower levels of downstream capex spending
- Cost savings achieved from restructuring actions more than offset the impact of the reduced sales levels and lower related fixed cost absorption

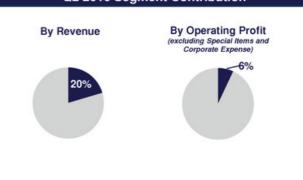

| | (Unaudited, dollars in millions) | | |
|--|----------------------------------|---------|----------|
| Financial Snapshot | Q2 2016 | Q2 2015 | Variance |
| Sales | \$40.0 | \$50.2 | -20.3% |
| Operating profit (excl. Special Items) | \$1.8 | (\$3.3) | n/m |
| | 4.5% | -6.5% | n/m |

Q2 2016 Segment Contribution

 Leveraging lower costs of business restructuring to capitalize on end market opportunities

- Driving continued manufacturing and operational improvements across locations
- Accelerating and broadening the move of the manufacture of standard products from Houston to Reynosa

Leveraging lower cost structure to drive margin improvement.

Note: Please see the Appendix for a detailed reconciliation to GAAP results.

Engineered Components

TriMas

Quarterly Commentary

- Cylinder sales declined due to weaker industrial end markets
- Engine and compressor sales decreased more than 50% as a result of lower oil prices – operated at a slight loss due to reduced demand
- Operating profit, excluding Special Items, decreased as a result of reduced sales levels and related lower fixed cost absorption

Initiatives

- Implemented cost reduction actions to mitigate top-line pressures and remain breakeven in engine business
- Adding incremental cylinder capabilities and longerterm capacity
- Expanding engine and compressor product lines to diversify and reduce end-market cyclicality

| | (Unaudited, dollars in millions) | | |
|--|----------------------------------|---------|----------|
| Financial Snapshot | Q2 2016 | Q2 2015 | Variance |
| Sales | \$31.2 | \$42.0 | -25.7% |
| Operating profit (excl. Special Items) | \$3.9 | \$6.3 | -38.2% |
| | 12.4% | 15.0% | -260 bps |

Q2 2016 Segment Contribution By Revenue By Operating Profit (excluding Special Items and Corporate Expense) 15% 2%

Focused on mitigating top-line pressures by reducing costs and increasing efficiencies.

Note: Please see the Appendix for a detailed reconciliation to GAAP results.

(Unaudited, dollars in millions)

| Sales | | | | |
|--------------------------|------------|------------|------------|------------|
| | Q2 2016 | Q1 2016 | Q2 2015 | FY 2015 |
| Packaging | \$88.1 | \$80.1 | \$89.6 | \$334.3 |
| Aerospace | \$44.1 | \$40.5 | \$43.2 | \$176.5 |
| Energy | \$40.0 | \$44.8 | \$50.2 | \$193.4 |
| Engineered Components | \$31.2 | \$37.5 | \$42.0 | \$159.8 |

| (excluding Special Items) | | | | | |
|--------------------------------|------------|------------|------------|------------|--|
| | Q2 2016 | Q1 2016 | Q2 2015 | FY 2015 | |
| Packaging | 25.0% | 22.9% | 23.4% | 24.0% | |
| Aerospace | 11.4% | 8.7% | 18.6% | 18.1% | |
| Energy | 4.5% | 2.4% | -6.5% | -0.8% | |
| Engineered Components 12.4% | | 15.3% | 15.0% | 13.6% | |

Operating Profit Margin

Cost savings actions being realized in a challenging top-line environment.

Note: Please see the Appendix for a detailed reconciliation to GAAP results. Historical figures may be found in the corresponding earnings releases located on www.trimascorp.com under the "Investors" section.

Outlook and Summary

Updated FY 2016 Segment Assumptions TriMas

| | Sales ⁽¹⁾ | Operating Profit Margin (excl. Special Items) | Full Year 2016 Commentary |
|--------------------------------------|--------------------------------|---|--|
| Packaging Previous | 3% – 5% 4% – 8% | 23% – 24% 22% – 24% | Organic growth driven primarily by new products and increased share in emerging markets – anticipate some customer launch delays into 2017 Executing on pipeline of productivity initiatives to fund growth while maintaining margins Expect pressure resulting from currency moves following Brexit |
| Aerospace Previous | 0% – 2% 9% – 11% | 11% – 13% 16% – 18% | Distributor orders trending lower than expected – significant impact on margin given resulting less favorable product sales mix Short-term production inefficiencies and integration costs impact sales and profitability – recovery plan demonstrating improvement Steady OE build rates and the Q4 2015 acquisition of Parker Hannifin facility expected to aid top-line |
| Energy Previous | (15%) – (20%) (10%) – (15%) | 4% – 6% 3% – 6% | Sales impacted by reduced upstream and downstream channel spending and exiting of lower margin business Margin level positively impacted by restructuring of footprint and supply chain, cost-out actions and operational efficiencies |
| Engineered Components Previous | (15%) – (20%) (7%) – (10%) | 13% – 15% <i>13% – 15%</i> | Industrial market slowdown expected to continue to impact cylinder sales – sales expected to be down year-over-year Mitigate impact of lower cylinder sales via productivity initiatives Further engine-related top-line pressure – focused on offsetting to remain near breakeven |

Top-line pressures more significant than planned –

holding or improving margin rates in three out of four of the segments.

Note: All of the figures and comments on this slide exclude any current and future Special Items. (1) 2016 revenue growth versus 2015.

Updated FY 2016 Additional Assumptions TriMas

| From Continuing Operations | Full Year Outlook (Updated as of 7/28/16) | Comments |
|---|--|---|
| Interest Expense Previous | \$13 – \$15 million \$14 – \$16 million | Effective July 1, 2016, interest expense on the majority of variable-rate debt in the Credit Agreement fixed via interest rate swap agreements (through 2020) Impact of higher interest rates expected to more than offset interest savings from debt reduction Debt reduction remains a priority |
| Capital Expenditures Previous | 3% – 4% of sales 4% – 5% | Continuing to invest in Packaging and Aerospace for top-line growth and margin expansion Planning additional low-cost country capacity in Packaging to serve global customers Expanding capacity of cylinder business to capitalize on North American market position |
| Tax Rate | 31% – 33% | Income more heavily weighted toward United States based on planned income mix and due to restructuring actions within the Energy segment |
| Corporate Expense – • Cash Costs • Stock Compensation | \$22 – \$24 million \$9 million | Expected annual run rate of cash spend reduced following the Cequent spin-off in June 2015 Lower attainment of performance-based equity awards resulted in lower stock compensation expense in 2014 and 2015 |
| Previous | \$25 – \$27 million \$10 million | Target awards and metrics reset following the spin-off Includes long term incentive compensation for all of TriMas |

Note: All of the figures and comments on this slide exclude any current and future Special Items.

Updated FY 2016 Outlook

| From Continuing Operations | Full Year Outlook (as of 4/28/16) ⁽¹⁾ | Full Year Outlook (as of 7/28/16) | Comments |
|---|--|---|---|
| Net Sales | (2%) – 2% | (4%) – (7%) | Top-line pressure across all segments Expect some pressure resulting from currency moves following Brexit Expect ~1% growth from existing acquisition |
| Earnings Per Share, diluted (excl. Special Items) | \$1.35 – \$1.45 | \$1.22 – \$1.30 | Reduction in EPS driven by weaker top-line and more gradual Aerospace margin improvement Savings from Financial Improvement Plan and productivity initiatives expected to help mitigate impact of weak end markets |
| Free Cash Flow ⁽²⁾ (excl. Special Items) | \$60 – \$70 million | \$55 – \$65 million | Managing working capital and capital expenditures consistent with environment, while still funding growth programs Reduction in FCF outlook as a result of lower earnings; target remains at ~ 100% of net income |

Focused on execution of sales and margin improvement plans.

Note: All of the figures and comments on this slide exclude any current and future Special Items. ⁽¹⁾ Original guidance provided on 2/25/16. ⁽²⁾ Free Cash Flow is defined as Net Cash Provided by Operating Activities of Continuing Operations, excluding the cash impact of Special Items, less Capital Expenditures.

Summary

- Focus on managing what we can control align cost structure with expected end market demand
- Grow higher-margin Packaging and Aerospace platforms continue to invest and leverage
 - Immediate focus on achieving Aerospace's operational improvements
- Drive improved profitability from restructured Energy business
- · Improve cash flow conversion and ROIC
- · Drive continuous productivity pipeline

Focused on operational execution for the remainder of 2016.

Questions and Answers

Appendix

Second Quarter YTD Summary

(Unaudited, dollars in millions, except per share amounts)

| (from continuing operations) | Q2 YTD 2016 | Q2 YTD 2015 | Variance |
|--|-------------|-------------|----------|
| Revenue | \$406.2 | \$449.0 | -9.5% |
| Operating Profit | \$35.1 | \$42.2 | -16.9% |
| Excl. Total Special Items, Operating Profit would have been: | \$47.5 | \$49.8 | -4.6% |
| Excl. Total Special Items, Operating Profit margin would have been: | 11.7% | 11.1% | 60 bps |
| Income | \$18.8 | \$20.4 | -8.1% |
| Excl. Total Special Items, Income would have been: | \$28.0 | \$27.6 | 1.4% |
| Diluted earnings per share | \$0.41 | \$0.45 | -8.9% |
| Excl. Total Special Items, diluted earnings per share would have been: | \$0.61 | \$0.61 | 0.0% |
| Free Cash Flow ⁽¹⁾ | \$28.3 | \$7.6 | 273.4% |
| Total Debt | \$406.3 | \$457.3 | -11.2% |

- YTD 2016 sales declined nearly 10% as compared to YTD 2015 weakness in the oil-related and industrial end markets, aerospace distributor volumes and unfavorable currency exchange more than offset organic initiatives and the results of a recent acquisition
- YTD 2016 operating profit margin percentage, excluding Special Items, increased 60 basis points as the positive impact of the Financial Improvement Plan and productivity initiatives more than offset the impact of reduced sales and related lower fixed cost absorption
- Income and diluted EPS, excluding Special Items, were relatively flat year-over-year
- Solid Free Cash Flow generation in YTD 2016; total debt decreased as compared to Q2 2015

Held EPS year-over-year, despite external top-line pressures and the impact of challenges in Aerospace. Note: Please see the Appendix for a detailed reconciliation to GAAP results.

⁽¹⁾ Free Cash Flow is defined as Net Cash Provided by Operating Activities of Continuing Operations, excluding the cash impact of Special Items, less Capital Expenditures.
